

Students - Getting Started with MathWiz

There are different ways to access the MathWiz tools and resources.

TRY MATHWIZ and the Guest Student is a quick way to see some demo lessons and Learning Tools and does not require any login. All other plans require creating a free account first.

PART OF A CLASS? You need to create an account first

Your teacher may have set up a class for you to enrol in.

Follow your teacher's directions and enter the Class Code they give you when you login to MathWiz.

There is a space to enter it.

CREATE AN ACCOUNT

A free account is needed to access any of the plans.

Use the **CREATE ACCOUNT** link on MathWiz's homepage and complete the form.

Username: Enter a username.

Email: A valid email is needed. Make sure that it is spelled correctly.

In cases where you are joining your teacher's class you will need to use your school board email **after** entering the Class Code.

Read and Click " I agree to Terms of Use". Everyone has a homepage when logging in.

TRY MATHWIZ

View sample lessons and the Classroom. No cost.

INDIVIDUAL SUBSCRIPTION 24/7 Full Access

Purchase an Individual Subscription and access all the Learning Tools listed on the site's homepage.

Read more on the **Pricing Plans** page. **2 months (\$10), 6 months (\$20) or 12 months (\$25)**

You need to **create an account** before you can subscribe. Then follow the directions in **Pricing Plans** for Students when logged in. Payment is electronic through PayPal which also accepts a credit card without setting up a PayPal account.

YOUR PROFILE

On your homepage is a box with Your Profile.

You can make edits to it like change password using the Edit Profile button.

Everyone has their own homepage upon login.

This is where you see your Profile and become part of a class if set-up by the teacher.
